

The National Braunvieh Sale

OKLAHOMA CITY, OKLAHOMA

JANUARY 12, 2021

Join us at Cattlemen's Congress on Tuesday at 5:00 PM

Welcome

Welcome to the 2021 National Braunvieh Sale in conjunction with the Cattlemen's Congress in Oklahoma City. It is very humbling to see the resilience of cattlemen to charge on with their dreams during the uncertain times we are experiencing.

To all of the consignors we are grateful for your patience and understanding while trying to plan this event. Braunvieh cattle continue to see outstanding acceptance in the industry. The breeders involved in this sale are genuine, passionate, hard working folks that love what they do.

The junior program continues to thrive in the Braunvieh breed. Make sure you check out the donation items in this sale that will aid in funding the Braunvieh functions in the future.

If you have any questions about the cattle please ask any of the breeders or the sale management team. Thanks for your interest and stay safe out there!

Todd Alford

VIEWING OF SALE CATTLE

All cattle will be available for viewing Monday and Tuesday prior to sale. The halter cattle will be at the Fairgrounds and the loose cattle will be just 2 miles down the road at the Oklahoma City Stockyards (OKC East).

AUCTION LOCATION

Please note the auction will be held at the Oklahoma City Fairgrounds. The specific location of the auction, on the grounds, is subject to change.

**Visit the Cattle In Demand website
for up to date information.**

Lot 1 **BLC BLU JBB ONTARIO ET**

BLC BLU JBB Ontario ET / Lot 1

All Three Flushmates Sell!

Lot 1, 2 & 3

OFFERED BY BRINK, BLUE BONNETT & J BAR

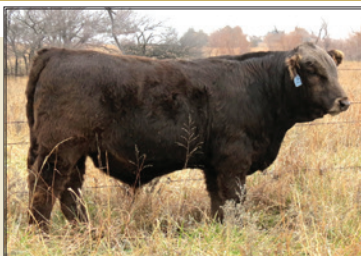

What an opportunity in these My Maria x Toronto spring calves. They carry some of the breed's freshest genetics in homozygous polled individuals. Evaluate their similarities and their differences... then pick the one for your program.

These three ET siblings were born at Bluebonnet and raised in the Flint Hills at Brinks. They are all homozygous polled and have a super set of EPDs. Their CED and WW are in the top 30% of the breed, and CEM is in the top 2% of the breed. If you look at the bulls in the pedigree, you'll find breed influencers Wizard of Oz, Tru Poll Ranger, Toronto, Cornerstone and Black Joker. They have suitable growth genetics to make future herd sires and the maternal traits to build cow herds.

Selling full interest, full possession in all three of these lots.

Their sire, Toronto, is a product of the Brink program. He brings moderate size, good birth weights and excellent phenotype. The first two Toronto daughters calved this fall and are doing a nice job with their babies. Toronto was a 4-time show champion himself, and he is siring winners, too. Their dam, My Maria was the pick of Brinks, Bluebonnet and J-Bar in the 2015 National Sale. She came from the highly regarded W/W Cattle Co. program. One of her first sons, BLU BLC JBB Parson, was the high seller in the National Sale two years later to Mike and Nancy Farmer. Another My Maria son, BLC Maria's Warlock 688F, sold in the 2019 National Sale to Salt Creek. Brinks have a natural daughter out of My Maria with a nice fall baby at side.

OFFERED BY R & D FARMS R & D Farms is very excited to offer this possible 3 in 1 package that is a rare and very exciting opportunity to own one of the first Swiss Tradition Ivan calves to be born in the United States. Ms RDF Jasmine 1137H is out of our top selling Jasmine 229Z donor, which is a full sib to the calving ease herd sire Fieldstone Wonder Bar (CAB12069). To make this pair even more valuable, RDF 801, will have a embryo that will be a full sib to this heifer calf implanted prior to the sale. The only reason these great genetics are up for offer is because R & D Farms loves promoting the great Braunvieh Breed.

OFFERED BY J BAR BRAUNVIEH

This great Brink bred cow has been a great donor in our herd. We have flushed her multiple times and she has never produced less than 15 good embryos. She has herd bulls working on several commercial ranches and has produced heifer replacements for our herd. This big bodied female is easy to handle and has a number of years left to add to your herd. She is currently bred for a natural calf to JBB Wizard's Denali 655D, 2017 grand champion beef builder Fort Worth stock show and Houston Livestock show.

TLC Vigor Z2117 ET Sire Silverwood Dragon, a Canadian sire has stood the test of time producing sons and daughters sought after in progressive herds. Vigor did an outstanding job for Circle C Ranch by producing Grand Champion Heifer CEF Miss 626 and Grand Champion Fort Worth Stock Show and Reserve Grand Champion Heifer at the National Western in 2019. His Dam TLC Anna F6496 ET has a long record as a top donor producing some of the most elite Fullbloods in the breed. Vigor at 8 years of age is still in great shape being used to produce both F1 Angus and Fullblood Braunvieh cattle at Salt Creek Ranch. He has several more good years left, good feet, extra body length and great disposition.

OFFERED BY ELMER AND CAROL LEHMANN This is a hard one for us to let go. We have loved General Grant since he was a small calf. He is out of a purebred Fieldstone cow and a full-blood bull with ties back to Yukon's Image 25T, this guy is one to pay attention to! Sired by Preston who is moderate in size with a wonderful disposition as well as great feet and legs. His dam is a nice cow with a super udder and a great temperament. General Grant has been very easy going, himself, and is thick, big footed, and very correct on his feet and legs. He was named Grand Champion bull at Ozark Empire this last summer. This bull stands to make an excellent herd sire with a great future. DNA testing is currently being performed and will hopefully be available before the sale. OFFERED BY SEAN & MARIE LEHMANN

We are offering the buyer a unique opportunity to make their own decision on this lot of full-blood heifers. We have been showing these two heifers this year and like what each one has to offer. We are giving the buyer choice on which heifer they take home and which one we will be keeping to put back into our full-blood herd. Both of these heifers offer soundness, good feet and legs, capacity, and the sought after Fieldstone genetics to add quality and diversity to full-blood Braunvieh herds or be used in a breed up program in purebred or percentage herds. The possibilities are endless with these heifers when pairing them with the correct bull. The dams are easy going and keep their condition through the ever changing Kansas climate. DNA testing is currently being performed and will hopefully be available before the sale.

OFFERED BY B & R FARMS

This young Fullblood heifer is a nice one to take home and start a program with. Her sire (Yuma 1136) has done nothing but produce great females. This will be one of the last heifers offered from her sire YUMA 1136. We had to retire him. So don't miss out on these great genetics.

OFFERED BY B & R FARMS

Here comes a deep bodied Fullblood open Heifer. It is the daughter of Mr. Bocephus Boy. I purchased her sire a few years ago in the National Sale. He has done a great job adding length and growth. This heifer is a big/stout female that comes from a long line of great Fullblood cattle. She is broke to tie.

OFFERED BY CORNERSTONE CATTLE RANCH

This polled Purebred heifer is out of a great uddered dam that has produced an eye catcher the past three years! She is very balanced and feminine fronted, with expressive muscle in her top and lower quarter, great spring of rib, and walks with a long stride. This all combines into a complete package for a purebred operation or elite show heifer project!

OFFERED BY ALEXANDER BRAUNVIEH RANCH

This young heifer is straight from the show string but represents one of our oldest and best Cow Families. The sire, Beaumont continues to transmit the negative RFI and proven to be a superior bull. The dam is from the P1 cow family that has numerous members on the ranch and goes back to a foundation cow purchased when we first started breeding Braunvieh almost 20 years ago! Great addition to either your show string or herd of mama cows.

Donation Lots...

Lot 36 Donation Tables

With everything that has happened this year and all the chaos this year has brought, we have not forgot the juniors. Once again (after some persuasion by close friends) the Lehmann family is offering up this set of tables to the high bidder with 100% of the proceeds going to the JBAA kids to be used in helping put on the Junior Nationals. Although the picture only shows three tables, a fourth is under construction to make sure we had a place for some more brands we received after the completion of the three tables pictured. The set consists of a coffee table and three end tables. All the tables are covered with several breeder brands, logos, or herd codes including past, present and junior breeders. All the wood was harvested either on our farm or near by and was locally milled. Building the tables was mostly completed by Michael as part of a 4-H project but, like most 4-H projects, becomes a family affair. The tables are made of Eastern Red Cedar have a durable epoxy finish on the tops with a tough poly finish on the remainder of the tables. The Lehmann family is excited to watch these sell and very honored for the opportunity and backing we have received on this project. This will be the last chance to own a set of these tables as there are no plans in the future to make more of them.
