JAN. 7	SATURDAY EVENTS:
8:00 am	National Hereford Open Show <i>Jim Norick Arena - Ring 2</i>

OKLAHOMA CITY, OK

2023 HEREFORD NIGHT IN OKC

Dear Hereford Breeders,

Welcome to the National Hereford Sale – Hereford Night in OKC. We look forward to returning to Oklahoma City, Okla., in 2023. Last year's offering and sale was outstanding. The Hereford Night in OKC was the top averaging sale of all breeds at Cattlemen's Congress in 2022 – quite a tribute to the consignors and quality of Herefords selling in Oklahoma City.

The Hereford Night in OKC sale will once again offer elite Hereford genetics – bulls, females and herd picks. This sale in the past has brought forward bulls that have left a lasting impact on the Hereford breed. The 2023 sale will feature bull lots including at least half possession or more; a benefit for breeders wanting a great pasture sire for their operations. Females selected from this sale have found their way to many donor pens for breeders across the nation. Herd picks offer a unique opportunity for breeders to select proven genetics from leading Hereford operations.

A new addition to the Cattlemen's Congress this year is a Commercial Cattlemen's Luncheon that will be held during the Hereford bull and female pen show on Thursday, Jan. 5. An effort to invite commercial cattlemen to the pen bull and female show has been implemented this year for the Cattlemen's Congress. Another positive for Hereford events in Oklahoma City.

The opportunity to select additional lots for this sale at the show will be available again this year. These additions to past national sales have added excitement and another valuable aspect for Hereford breeders to consider. This selection option for the Hereford Night in OKC sale is available for both the open and pen shows.

Consignors were asked to bring their best to this sale and they delivered. We appreciate their commitment to making the sale offering a great one each year. We thank the consignors of past sales and the ones for this year's event. Consignors make this sale successful.

Don't forget to attend the Hereford Eve in OKC sale on the evening before the National Hereford Sale. Hereford Eve in OKC is slated for Thursday, Jan. 5, at 7:30 p.m., at the Embassy Suites Oklahoma City Northwest. This sale annually offers some of the best frozen genetics the breed has to offer.

We invite you to attend the 2023 National Hereford sale in Oklahoma City. If you can't make it to Oklahoma City, the sale will be broadcast on LiveAuctions.TV and offers you the opportunity to bid via the internet. Feel free to contact us with any questions or for additional information.

All the best,

Joe Rickabaugh

American Hereford Association

SALE MANAGEMENT:

Sponsored by the American Hereford Association

Joe Rickabaugh

11500 NW Ambassador Dr., Suite 410 • Kansas City, MO 64153

Office: 816-218-2280 • Cell: 785-633-3188

jrnick@hereford.org

2023 HOTEL IN OKC:

Embassy Suites, Oklahoma City - Northwest 405-842-6633

TERMS and CONDITIONS: The terms of the sale are cash or check payable at the close of the sale and prior to load out unless previous arrangements have been made with the owner or sale manager. Animals will be sold to the highest bidder with the auctioneer settling any disputes. Announcements at the sale by the owner, sale manager or auctioneer will take precedence over statements in the catalog. Each animal becomes the buyer's risk as soon as sold, but will be cared for by the seller until load out or for a reasonable period of time. All transactions will be in U.S. dollars.

GUARANTEE: All cattle will sell under the suggested sale terms and conditions of the American Hereford Association.

HEALTH: Health of the consignments is excellent. Individual health papers will be furnished for shipment in the United States. All animals become the property of the purchaser at the time of sale and we strongly recommend that you insure your purchases. Bulls over one year of age have been fertility tested and will guarantee semen to freeze. Bulls have been trich tested. All sale cattle are P.I. tested negative.

INSURANCE: Insurance will be available the evening of the sale.

DELIVERY: Delivery costs and arrangements of sale animals are the responsibility of the purchaser. Sale personnel, consignors, exhibitors and various reputable trucking firms will be on hand to assist with transportation arrangements.

EPDS: The EPDs reported in this catalog are reflective as of Nov. 7, 2022.

ABSTENTEE BIDS: Absentee bids by persons unable to attend the sale may be placed by phone or mail with the sale management, AHA field managers or any of the sale staff.

PAYMENT: Payment for each lot in the 2023 Hereford Night in Oklahoma City sale is to be immediately after the sale. The buyers who choose to be billed need to make payment as soon as possible after the sale. Interest will be accrued on unpaid balances starting on February 15, 2023, at the rate of 1.5% per month, 18% annually.

- For a second year in a row, T/R Cattle Company and HYFA have partnered to bring you this exciting donor prospect. Here is a great opportunity to help a special foundation and add a critical building block to your herd.
- K23 is like her mother in many ways; so much density and power with a sound, elegant build. 8424 has been one of the most consistent cows in our herd and this natural calf is why I admire her so much. This cow family deserves plenty of attention; back in 2014, 204Z "Strawberry Wine" was a barn favorite of many and still, to this day, the genetics are sought after. Strawberry Wine was the 2013 JNHE Reserve Champion Polled Female, 2013 Illinois State Fair Grand Champion Overall Junior Female and Polled Hereford Female, and the 2013 Illinois State Fair Grand Champion Open Hereford Female. 8424 is arguably the most dominate offspring out of Strawberry Wine and has made a phenomenal cow for us. What an incredible female and what a special opportunity for Leslie, myself, and the entire crew here at the ranch to get to be a part of something so special to the breed!
- T/R Cattle Co. retains 1/2 embryo interest and full possession.
- HYFA's proceeds will benefit the Foundation One Campaign and the Junior National Hereford Expo. Thank you, Trent Ray, for setting a high standard for the youth with this annual commitment.

Rausch Herefords

PICK OF ANY FEMALE

- Buyer can pick any female from the herd. This includes more than 1,000 registered cows in addition to bred heifers and heifer calves.
- Performance data, pedigree, and cow family information is available on each animal.
- This is a unique opportunity to pick from the number one Dams of Distinction cow herd. More than 1,000 Rausch females have qualified!
- Possession will not be available until after calving their 2023 progeny.
- Buyer must make selection before Sept. 1, 2023.
- Call us for more information or visit Rauschherefords.com.

- Homozygous Polled. Here is a bull that we feel is a unique breeding tool. Super big bodied, soft made, fully pigmented, out of our great donor 19Z who is having an impact on the breed across the Country. Sired by the OKC Supreme Champion bull United, who is siring high performing cattle with great look and substance. His mother 19Z has already produced herd bulls like Longest Yard, Lincoln, Ramble On and others, not to mention donor females in some of the top herds across the country. 19Z is a Dam of Distinction who at 10 years of age weaned off one of our best heifer calves. In addition, one of her 2022 ET calves topped our Fall Online sale and another daughter sell as part of our choice heifer lot in this sale. This combination of maternal power along with the performance, mass and look of United AND being pigmented and homozygous polled makes this guy something special.
- Selling 2/3 interest and full possession. Delaney/Atkins will retain full 1/3 semen interest.

PICK OF HEIFER PEN

Again, this year we are offering you the choice of the three heifers in our pen. This year's choice includes heifers from our top donors and a heifer from a female that we sold in the Mile High Eve sale several years ago. These females have the ability to show but more importantly go on to make an impact on the future of your herd as a top donor! Delaney/Atkins retains the right to 2 flushes on any heifer sold.

- A number of years ago we sold the dam of this heifer, Mercedes, in the Mile High sale in Denver to Churchill and Steven Green. She has gone on to make her mark on the breed as the dam of Makers Mark and others. When we sold Mercedes we retained a flush and this is one of the results. Last year this heifer's full brother topped our January bull sale selling for \$32,000 to MC and Becky James of OK. Here is a heifer that is not only great numbered but has pigment, style and that cow look.

- Homozygous Polled. 45C, the \$87,500 dam of this heifer is proving herself as one of the top donors in the country. In addition to being the mother of Prominent, Standout and Benton she recently was the mother of one of the high selling females in the Jensen sale. This daughter of 45C has all it takes to follow in her mother's footsteps as a foundation donor. Sired by Long Haul she has a great birth to yearling spread to go with high milk and carcass numbers.

- Homozygous Polled. 19Z, the dam of this heifer has already produced 7 head that sold in the OKC and Mile High Eve sales for an average of over \$22,000. Her progeny has sold to some of the prominent herds in America including Churchill, Express and Hoffman. Now here is an opportunity to own a daughter of 19Z sired by Final Print. Excellent Milk and carcass EPDs to go along with a birth to yearling spread of that is hard to find.

- Sierra Ranches and Express Ranches teamed up to consign a stunning March heifer to this sale. This pedigree combines two stalwarts from the Hereford breed - DM BR Sooner on top and MSU TCF Revolution 4R on the lower side of the pedigree. Quite a genetic package that has the qualities to be a competitive heifer in the show ring.
- A maternal sister to 2022 was the high seller of the Express Ranches Honor Roll sale this past March.
- Strong EPDs on this female - Top 5% REA, Top 10% CW, CHBS, and Top 20% WW, YW. This heifer is a great one to look at. She completes the plan with genetics on both sides of the pedigree along with EPDs to finish the formula as a potential donor.
- Retaining one (1) future flush of six (6) transferrable embryos at the owner's convenience and seller's expense.

The Berry's

NJW LONG HAUL 36E ET – Sire of Females

PICK OF LONG HAUL DAUGHTERS

- This is a first time pick for the National Hereford sale and it is a great one. This pick includes the pick of any Long Haul sired female at Berry Herefords, Cheyenne, Wyoming.
- Included in this offering is 33 2-3-year-old cows—23 of these are confirmed AI safe—20 bred heifers with 11 being confirmed AI safe and 12 Long Haul heifer calves from the 2022 calving season.
- AI service sires include Churchill Kingdom 128J ET, Churchill Roughneck 0208H ET and Churchill Advance 0317H ET.
- Service sires include YV 8Y Valleygrown ET 62G and NJW 139C 103C Ridge 254G.
- Quite an opportunity to invest in a front pasture female. This lot has a donor cow ring to it.
- Only in the National Hereford Sale is this available.

The Berry's

Buck Cattle Co.

PICK OF BULL PEN

This trio of bulls has been impressive from day one. They are herd bulls with power, substance, performance, balance, look and are backed by a remarkable pedigree. They are sired by JDH AH Standout 16G ET, which was a popular top seller in the 2020 Mile High Sale. He is sired by the popular Churchill Stud and out of one of the breed's greatest females, 45C. They are out of the immortal HAPP Kool Aid Points 1218, which is one of the leading donors in the breed. She has produced eight national champion females, numerous top sellers, and several great herd bulls, including the popular BK Red River H18. The great cow families run deep on both sides of their pedigree.

- Selling full possession and 3/4 semen interest in the buyer's choice of these three great young herd sires.

- This heifer has body for days, great shape and swoop to her rib cage. She has great udder development just like her National Champion Dam. Raelynn, has been shown several times, named Division & Reserve Division Champion. This heifer is ready for any age showman, great disposition. She has style, look and great hair. No guess work here she will work in the showing and in the pasture.
- Bred AI 11/2/2022, to Gerber High Time H65.

- We think this is as unique of a combination female as we have made. She blends the right cow families, genetic predictors, and phenotypic measurements it would take to ensure she will have the maximum amount of consistency and return on investment for the buyer. Although we may shed a tear when she doesn't load up and come home with us, we felt 124J best fit the bill. The best cattle we have been able to make are a combination of the T723 and 1580 cow families. They are consistently sensibly sized, dense bodied, great structured cattle- with added eye appeal. We think 124J does all of that the best of any we have made. She is our vision of "cattle of tomorrow, today" and we hope you agree with us.
- Homozygous Polled.
- This heifer has 13 of 20 EPDs in the top 10% of the breed with 5 of those in the top 1%.
- Bred AI 11/3/22 to Pyramid Function 0244.
- Retaining two (2) flushes with a minimum of six (6) grade 1 embryos at seller's expense and buyer's convenience.

- This is an exciting set of flushmates! We purchased their dam as a heifer calf from Barber Ranch in 2012 and she's still producing and flushing well for us today; her last flush yielded 21 grade 1 embryos! Her daughters have found much success in the showing including 2018 Missouri Show Heifer of the year, 2019 FWSS Grand Cow-calf, and 2021 Missouri Show Cow-calf of the year, just to name a few. This may be the most exciting and consistent mating yet. These heifers all combine a ton of natural body and sweep with the muscle and power to make cows. Abilene was shown twice this summer and already brought home a class win and was Reserve Heifer at the Ozark Empire Fair.
- They will be bred AI to SHF Houston D287 H086, then pasture exposed to THA 632D Riggs 012H.

- From day one we knew this one was special. He has impressed us even more everyday since then. Soundness and structure are most important to us, and this is where we believe "Rio" excels. He is big boned, clean jointed, sets down on a huge foot, and is extremely sound and athletic. He is stout made, and massive in the center portion of his body, yet holds himself together so well when you set him in motion. His angles are perfect in every way you study him, he is long necked, but he still gives you that masculine look you like to see in a bull.
- "Rio's" full sister turned a lot of heads and sold for \$45,000 in our fall female sale last fall. Her 3-year-old dam, 8137, has made quite the name for herself in her first 2 natural calves. His sire, Rio Bravo, is also quickly making a name for himself as his first 2 calf crops averaging over \$12,000.
- Study "Rio's" pedigree carefully. Breed icons including Flirtatious, 5139R, 4082, and R111 are all found in his pedigree. His EPD's won't disappoint either.
- This bull calf's show career is already off to a great start, winning his division at the American Royal. We believe this bull calf has what it takes to make his mark not only in the showing but as a breeding bull as well.
- Bid with confidence in this very special individual! Terms to be announced sale day, call for details.

- One of the best we've ever raised, a full sib to the \$59,000 valued JNHE Champion, "Chuma", and the \$50,000 valued World Beef Expo Supreme Champion, "Cadillac".
- His dam, 5101, was a 12-time Champion Cow-Calf and is leaving her mark as the best to ever graze the grass at Perks. Not only has she produced 5 working herd bulls for us, our best 2-year olds are out of her this year. She also has additional 6 herd bulls working for prominent breeders across the industry.
- He reminds us of his sire, Diversified, the Louisville National Champion that has sired multiple sale toppers and outstanding individuals performing well in the showing and pasture.
- Jabari is truly unique as he is so extended about his front one third and balanced in his design, while still having tons of power and expressiveness to him as well. Along with is elegance and power he is still sound and flexible on the move.
- Popular in the show ring including Champion Bull at WI Preview, IL Preview, IL State Fair, and Reserve Division Champion at JNHE and American Royal.
- As you can see, Jabari is a great combination of genetic proof and outstanding phenotype which will result in terrific earning potential.
- Actual BW 85 lb., act. WW 690 lb., act. YW 1,395 lb.
- Terms announced sale day, but would like to retain show rights through 2023 JNHE in Madison, WI.
- Video upon request.

- Snapshot is straight from the heart of our future donor pen. Stout, sound, big bodied, ring eyed and feminine, she has it all. This is one that we had big plans for, but when you are in an elite sale you bring your best and here she is! This flush has been one of the most successful flushes in Burns Farms history. So far, we have sold four full siblings to her for a total of \$90,000, and this was the one we had kept for our program! We love the combination of the maternal giant Blueprint with our highest income-producing donor Novel. Novel has captured over \$275,000 in income over her career, and Snapshot has this kind of potential.
- Bred AI 4/28/2022, to 77 Potency 63G, then pasture exposed 5/15-7/15/2022, to BF King 062.

19 PICK OF THE BULL PEN

For the first time in over 20 years, we have made the decision to offer Pick of the Pen, of our very best yearling bulls. Over the past 9 years, we have worked hard at find the right combination, phenotypically and genetically, that would advance our Line 1 based cowherd. We believe our pen bulls would fit anyone's program as each bull offers something unique. These three bulls were 2022 Cattleman's Congress Reserve Champion Spring Calf pen. We opted to keep them together and bring them back as a yearling pen and offer pick. Selling 3/4 interest and full possession.

- 138J "Stoner", was a favorite of Bryan's from birth. Sired by BR Rip Wheeler E092 ET, full sib to Belle Air, is a carbon copy of his sire. He continues to keep getting better. Stoner has a massive top and exquisite front with a lot of eye appeal and herd bull look. Note his CHBS index is in the top 10%. He was shown this summer and was selected as Wyoming State Fair Champion Hereford Bull and Supreme Bull.

- 135J "Bodee", has goggle eyes, also sired by BR Rip Wheeler E092 ET. He's deep bodied, huge hipped, and a bull that will get out and cover a lot of females. 135J also puts together a solid set of EPDs. His dam is a Line 1 cow that goes back to the Cooper Herefords breeding program. We retained 135J's 2020 born full brother for use in our own herd. The dam continues to produce replacements as she will calve this next spring at the age of 12.

- 141J "Pop A Top", is extremely deep bodied and simply described as a tank. He is sired by the national champion, BR Belle Air E133 ET. 141J is long, square hipped with extra depth of flank and fore rib, and an excellent set of EPDs. This combination of breeding will not ever happen again as we lost both the sire and dam this year. Pop A Top's dam was a favorite around the ranch.

Chapman Land & Cattle

PICK OF HEIFER PEN

This trio of polled flush mates highlight our vision within our operation. They are bred to be as maternal as you can make one in a moderate, uniform and highly efficient package. They are sired by our resident herd sire, Innovation, who has proven to be an elite producer for us and Topp Herefords. Their dam is a direct daughter of the legendary line-one female, HH Miss Advance 5139R. Genetically these sisters are true breeding pieces that have generations of consistency stacked throughout their pedigree.

All three are phenotypically powerhouses that are skeletally correct and carry a ton of muscle, substance and volume.

Offering choice in these powerful sisters. Sell open.

PICK OF THE BRED HEIFER PEN

- Great opportunity to choose between two Endure X Y505 Heifers which are thick, big middle, broody, and pigmented. Y505 is a direct daughter of Mr. Maternal and the legendary Beth 1L cow. This is a rare opportunity to acquire these genetics.
- The third Heifer of this pen is a Bentley X S32 Heifer. S32 is a daughter of the great P606 sire. S32 is the mother of 5 herd bulls for White Hawk Ranch. This Heifer is thick made with extra length and pigmented.
- 070, bred on 4/22/22 and 072, bred on 6/13/22 have been ultrasound safe in calf, to SHF Houston D287 H086.
- 074, bred on 5/21/22 has been ultrasound safe in calf, to TH 122 711 Victor 719T.
- Retaining two (2) flushes with a minimum of six (6) transferrable embryos.
- 073, bred on 7/8/22, has been ultrasound safe in calf, to GV CMR Strong 156T Y449 ET.
- This pen of Heifers is co-owned by Vermilion Oaks Ranch and Trent Fogleman.

PURPLE HB LMay STAR 189G

Full sister to Lot 24

- Here's your chance to own a full sister to one of the most dominant females in breed history. Not only was she the Grand Female at Junior Nationals, American Royal and Louisville, she capped off the run as the first ever Supreme Champion Female at the Cattlemen's Congress. Hailing from our best cow family, multiple full and maternal sibs have been champions and elite producers around the country. Ivy can write her own chapter.
- Retaining one (1) future flush.

KSU LAND GRANT 153 ET

Full brother to Lot 25.

- Selling half embryo interest in the outstanding full sister to KSU Land Grant 153, the \$43,000 record high selling bull of the 2022 KSU Legacy Sale, where he sold to ST Genetics, Delaney Herefords, Perez Cattle Company and Dvorak Herefords. Land Grant created quite a buzz last spring with his unique combination of stoutness and power along with balance both physically and genotypically. His first 100 units of semen averaged \$150 in a special sale in May 2022.
- 151 truly has the potential to establish herself as the greatest female in the 141 year history of the Kansas State program, which was established in 1881. She is a combination of real-world function, high-quality phenotype, excellent EPDs and indices along with important extras of pigment and breed character.
- She's loose structured, moderate framed, deep bodied and easy fleshing. Her dark red color, excellent eye pigment and overall phenotypic balance combine for a high-quality look. She's also extremely balanced on paper as she charts 14 traits in the top 20% of the breed. This includes being in the top 1% for CW, top 5% for WW, YW, SCF, M&G, REA, BIIS and BMI\$.
- Homozygous polled!
- Bred AI 4/14/2022, to SHF Houston D287 H086 and checked safe to that date, due 1/21/23.

Terms are as follows: Selling half embryo interest with no possession. Buyer is guaranteed three flushes with a minimum of six (6) embryos per flush. Buyer will provide semen and be responsible for all embryo costs on their flushes. Embryo work to be done at Cross Country Genetics, Westmoreland, KS. Embryos above six will be split by KSU and buyer, with buyer receiving the odd embryos and KSU the evens. Future embryos after the three flushes listed will be available to the buyer at a prorated cost determined by the overall bid price divided by the number of embryos guaranteed in those three flushes. Buyer will receive the first two flushes with KSU receiving the third flush after she calves. KSU retains full interest in natural calves. Buyer will not be charged for yearly maintenance of the female.

KSU LAND GRANT 153 ET

Full brother to Lot 25.

Please join us in partnership on this exciting female, as we plan to make her a cornerstone donor going forward!
