Welcome to the "Expand your Genetics" 48th National Salers Sale at the Cattlemen's Congress, Oklahoma City, OK. It promises to be an action packed weekend with our annual banquet, the seminar put on by Sherry Doubet, our executive secretary, our elite National Sale and ending with our National Salers Show.

Last year, I quoted Will Rogers and since we are returning to Oklahoma City it seems appropriate to quote him again: "Even if you are on the right track, you'll get run over if you just sit there." I think this quote is very timely because we are always looking for new genetics, and moving our cowherds forward is a must.

This year's sale is packed with genetics that will keep you on the right track. We always sell Salers Cattle in the National Sale that lead the way into the future. Be with us ring side January 7, 1 p.m. in the Super Barn Sale arena. Contact me or Dean if you have any questions.

Sincerely,  
J.R. Adcock

## Junior Donation Heifer – Pick From Ten Heifer Calves

- Junior Donation Heifer provided by 4D Cattle Ranch
- The American Junior Salers Association is grateful for the wonderful, generous donation from the Chris and Sandra Duff family. We appreciate their support of the Salers breed.
- You get to pick from ten 2023 heifer calves from percentage to full-blood. Many of the genetics of this program go back to the famous Figure 4 Ranch at Eckert, Colorado.
- Selection needs to be made by April 1, 2024.

- This bull is a genetic home run. Sired by one of the most prolific sires in the Salers breed, STP LMB Dr Jones. His dam produced one of the most decorated heifers in the showing, WWCS Glamourous 390G, a full sister, that not only dominated the Salers showing but stood toe-to-toe with all the major breeds. She is a true breed changer that is a moderate, wide-built, ultra-sound female that is already producing more of the same kind of cattle. This is a chance to own her full brother and start producing the kind of cattle that make money in the pasture and hang banners in the showing.

- If you are looking for an Optimizer bull that can add substance and style to his calves, look no further. This stud is built like a freight train and is ultra-sound. He is sired by a great Angus bull with lineage back to Lazy JB Sundance, a bull that did a lot of winning and is producing some great stock. His dam is the famous WWCS Glamourous 390G. This halfblood stud will allow you to produce quarter-blood commercial calves that will be built right, grow fast, and top the sale ring...or better yet, pair him with your Salers females to produce Optimizer calves that are sure to hang banners.

- Panther Country Salers brought us a Legit Herd Bull prospect that checks all the boxes. He carries the homo, black polled and TT Lep-tin genes. He adds the building blocks from the ground up. PCSL Legit has the eye appeal to make a great young herd bull prospect. This is an opportunity to buy an outcross pedigree for many programs. Also remember that Panther Country Salers private treaty sale is February 17, 2024.

- This pregnant recip cow is carrying the mating of the 2022 Grand Champion Bull Keys Justified 15J to SE Ms Tess F26, a cow that is stacked with known performance/champion bulls. Calf's expected birth date is about March 11, 2024. The calf will be purebred and will be BLACK as the dam is HB/HP by DNA verification. Prospective buyers need to consider the calf as a game changer for any program for the following reasons:
  - The stacked pedigree of the cow is from many respected top performing Salers programs.
  - Unique pedigree can make anyone's herd better and provide that inbreed hybrid vigor.
  - Progressive cattle programs cannot afford to miss this opportunity to advance their program into the next level of production Salers cattle.
- You are not only getting a one of a kind embryo pregnancy, but also a perfect, big Salers recip dam who is a percentage Salers (KKCC Laffy Taffy 311A, 690058, calved 2/26/2013, horned 3/8 MA 1/4 CX 1/4 XX 1/8 SA Red/White Female).

- Three frozen embryos by conventional flush of the mating of the 2023 OKC Grand Champion Bull GGT Substance 971H (7/8 SA 1/8 AN) to SE Ms Queen Violet 56H (Purebred), a cow that is full of genetic growth and quality phenotype. Resultant calves will be black and polled.
- The 56H cow is a herd favorite as her pedigree combines several top producing cows of the Southern Eagle Ranch's performance herd. A critical viewing of the cow will show her deep chest and tremendous volume on a moderate frame. Her short, straight hair is a plus for fescue environment.
