GENERAL INFORMATION

Once the buyer has made payment, the sale staff will notify the seller to release the purchased items. Please note that it is the responsibility of the BUYER to contact the seller and make arrangements for your purchases. If you are not prepared to take possession of your purchases, then the BUYER must contact the storage facility and have the items stored under your name. With that being said, it is also the sole responsibility of the SELLER to notify the storage facility of new ownership once the items have been paid for. In some cases, the newly purchased items will be stored at the farm or ranch of the seller. In this case the BUYER will contact the seller and make pickup or shipping arrangements. All transfer of embryos/semen is between the buyer and seller. PLEASE NOTE THAT THE BUYER IS RESPONSIBLE FOR ALL SHIPPING COSTS OR INSURANCE COSTS ON ITEMS PURCHASED.

EMBRYO GUARANTEE

All the embryos being offered on this sale are either grade 1 or 2 and are guaranteed alike. All embryos selling are either ET or IVF Direct Thaw. Furthermore, the embryos selling have all been collected by a reputable facility. Unless it is otherwise stated in this sale book, the sellers of embryo lots will guarantee (1) 60-day pregnancy if:

- 1) Transfers must take place in one calendar year of the sale date
- 2) Transfers are performed by a licensed embryologist
- 3) If you do not establish at least one 60-day pregnancy you will be given additional embryo(s) from the seller of the same mating or an agreed upon suitable replacement of similar value.

FLUSH OR IVF CYCLE

Specific terms for any right to flush or IVF cycle lots will be listed as such on those individual sale book pages.

Please note that the sale management acts only as an agent between the buyer and seller. Humphrey Agri Marketing Solutions, LLC and its representatives are not to be held liable, financially or otherwise for any livestock, merchandise or accidents. The sale book was prepared with information provided by the seller and is assumed to be correct. ALL warranties on cattle or merchandise sold is the sole responsibility of the seller.

Blind Badger Ranch has opened the safe and brought an unprecedented offering from the great Shania! Just a few short weeks ago two daughters by BBR Memphis Mafia sold for \$52,500 and \$43,000 in the Divas & Donors Sale! Last year in the Paulsen sale a pair of daughters sired by DUEL Icon rang the bell at \$80,000 and \$50,000 respectively. The embryos offered are also full/maternal sibs to the \$85,000 sale feature from Paulsen's Divas and Donors sale two years ago that sold to the Gensini family. There is absolutely no guess work here. These matings are proven & profitable!

CHOICE OF 1 IVF CYCLE

Junior National was the first time these two dynamic sisters made their appearance together. Winning Grand Champion and third overall in the Bred and Owned show. The success of these two has yet to slow down as "Mazy" won the Chi-Composite shows at the American Royal and the North American while "Kismet" was Reserve in the MaineTainers at Kansas City and Louisville. All year everybody asked Kendall which one he likes better and it's an unanswerable question. Kendall says "All I can say is that I'm damn glad we own them both".

TERMS OF IVF CYCLE: The buyer will receive a minimum of 6 transferrable embryos guaranteeing two 60-day pregnancies with NO cap. The buyer pays all costs associated with the flush including the cost of semen. The donor(s) will be available to flush March 1, 2024. Please contact the seller for further details.

Dominatrix is a cornerstone in the Blind Badger donor pen and has earned her spot by knocking it out of the park year after year. While she may be most notably known as the dam of Memphis Mafia, she has a long line of daughters that have sold high and won majors. An Icon X Dominatrix was 3rd Overall at Maine Jr. Nationals for Turner Longacre and an All Me was Reserve Champion Maine-Anjou at the 2022 NAILE for the Miller family. Dominatrix also has a \$42,000 Maternal Made to her credit that was top 5 at the Nebraska Cattlemen's Classic a few years ago. These embryos by End Game may be her best ones yet! This young donor is the dam of the popular 2022 NAILE Champion bull YNOT Kong who was a crowd favorite last year at Congress where he was displayed. Kong amassed over \$75,000 in semen shares sold to some of the top cattlemen in the country. In Kong's innagural season he sold over 1,100 units of semen! The reports are just starting to come in and it looks good! Last fall in the YNOT online sale a daughter sired by Follow Me rang the bell at \$31,000. Holly is just getting started, but we see big things in her future. This opportunity to buy full sib embryos to Kong will be a smart investment!

Here is a different twist that we think you'll like! The Gronc X Annie Lu mating has produced granddaughters that have sold for \$40,000-\$50,000 in the Boyert-Core sales. Additionally, a Gronc X Annie Lu daughter produced a \$150,000 steer this fall for Ferguson. That puts the average on steers sold at about \$94,000! Braylen Schaeffer was just named Supreme Female at the KILE in Pennsylvania with his Annie Lu 6087 granddaughter. Earlier in the year this same female was Reserve Angus at the prestigious Cattlemen's Congress as well. In 2022 another Annie Lu granddaughter was Supreme Female at the Hoosier Beef Congress. Let's not forget about the 3rd Overall Angus Female 2 years ago at the Iowa State Fair for the Rodgers family. That female was sired by KR Casino. The list of accomplishments is far too long to list but we do want to note that Annie Lu 6087 is the dam of Annie Lu 4472, the high-powered donor for Core & Anderson as well as popular sires such as Plum Creek Paradox and Plum Creek Refresh. We could go on, but you understand the impact this female has had!

Roxanne is at the forefront of the PKL donor battery, and after the recent embryo interest purchase by O'Hara Land and Cattle she is slated to be the foundation donor for their elite Maine-Anjou program. ROXANNE is a 3/4 Maine-Anjou, Garth sired female that is daughter of the foundation donor for McKay Cattle Co., PJWC LISA MARIE 706D. Roxanne was exhibited by Kennedy Lockhart at various state and national shows and was undefeated in the late spring Maine-Anjou Division. When Tyler called us about potential lots for the Maine Exchange, I knew that ROXANNE was the donor that needed to be featured. She is only in her second year of production and is on fire, having her first natural Maine Angus bull calf sired by Gold Standard for \$10,500. Her rookie year of ET calves are lighting up the showing and the sale arena, having a Maine Angus heifer sired by Style selling to Rimpel Show Cattle for \$25,000 and being selected as Calf Champion at the 2023 American Royal and Reserve Breed Champion at the 2023 Tulsa State Fair, and another Maine Angus female sired by Good Times selling as Lot 7 in the 2023 Griswold Classic that demanded \$19,500. To go along with that, she produced a Follow Me Maine Angus bull, PKL Follow The Money 938L, that we have retained for personal use and semen sales. Roxanne's Maine Angus matings are proven, and the Good Times sired females offered are the most prolific Maine Angus genetics available! The exciting ticket is the High Maine sired embryos by the newest & hottest young High Maine bulls TAKE ACTION and TURN IT UP! These embryos are backed by the best genetics the Maine-Anjou breed has to offer! Get your program in on the forefront of these genetics and your biggest decision will be if you retain the progeny or choose to cash in! Full sibs to the Lot A sold for \$26,000 full possession and 50% embryo interest in the 2023 T/R Cattle Company Spring Born Online Sale. Lot B is a brand-new mating where the buyer will have choice before we get our own hands on this mating. You will be ahead of us on genetics, and we fully stand behind both of these young, exciting herd sires. We love the pedigrees for so many reasons. If you didn't get to see the heifer that just sold, we can assure you, you will be hearing more about her in the 2024 show season. Her overwhelming amount of power and dense made skeleton make her hard to look past in any type of situation. She is a beautiful headed, dense skulled heifer, that had all the extras for a show cow. A very good necked female that ties in high at the apex of her shoulder and transitions into a massively bold rib cage, and a square hock. We think what truly makes her special to us is that she can have all that depth while still packing a powerful punch at any angle. She is wild made stock with true muscle shape.

We feel the Who Da Man dual registered daughters will be big time generators, and that the All Me's could be big time show heifers, just like the End Game's. Bid with confidence and take your pick, we don't think you can go wrong either way.

Set your satchels down here, boys! Copeland Show Cattle has brought you several options from their own personal stash, from the dam of CCMM Full Tilt 803F. We are offering four different high-powered options from some of the hottest bulls available. Matt has only ever offered embryos from this cow one time and only 2 females have ever been sold with the rest being retained by Copeland Show Cattle. One of those females was the Overall Champion at the 2021 Arizona National that sold for \$20,000 and the other was a sale highlight that sold for \$20,000 who was sired by BOE Garth! This is a power packed opportunity!

C • 1 PACKAGE OF 4 - Colburn Primo 5153 Sexed Female

BPF Princess 999C "Miley" was campaigned throughout Oklahoma by Parker Lockhart acquiring 14 Supreme or Reserve Supreme Honors and winning the Oklahoma Club Calf Association High Point Heifer. Since moving to the donor pen Miley has continued her reign of success, producing numerous high quality show heifers and high generating females. The Primo mating is proven and flat works, with a Primo x BPF Princess 999C "Miley" female that Sara Sullivan acquired for \$30,000, a full sib female sold as Lot 18 in the 2022 Griswold Classic for \$20,000 and most recently this fall another Primo x BPF Princess 999C "Miley" heifer demanded a price of \$25,000 and will be campaigned by a family in the state of Michigan. Another success was the purchase of an embryo package by Epic in the 2021 Maine Exchange Sale by Ohlrich Cattle Company, Wayne & Barb Ohlrich, resulted in 3 heifer calves that were all sale highlights in their online sales this fall. Miley has averaged nearly \$20,000 on 12 head of progeny by multiple sires and these females have received division champion honors at the American Royal, Junior Nationals and Cattlemen's Congress. Miley has even produced the promotional Maintainer Bull sire, P.O.T.U.S. that was Division Champion at the 2021 Cattlemen's Congress. Being an outcross to all current Maine-Anjou genetics, the excitement of these embryos resulting in High Maine progeny with the hot & upcoming new sires of ALL ME and TAKE ACTION is off the charts. BPF Princess 999C "Miley" is a proven donor and is developing quite the reputation for elite show heifers that are recording success in the donor pen. "CONSISTENCY" sounds like a good promotional High Maine bull from the TAKE ACTION mating! Just saying!

A multiple sire choice opportunity here that combines our elite Maine-Anjou donor, Caly, who is a full sister to the arguably the most proven bull in the Maine-Anjou breed (Databank). The embryo packages offered here will be full sibs to some of Caly's most elite progeny. Packages A and B will make purebred heifers that are full sibs to the best Maine progeny that Caly has had to date - topped by a \$40K female to Clark Cattle Company in Texas. The females produced will be jet fronted, incredible haired, with some extra punch. Package C will be full sibs to most recently crowned 4th Overall female (Champion MaineTainer) at the 2023 Keystone International. The embryos will register Maine Angus - which is arguably one of the hottest, fastest growing segments of the show cattle industry. This awesome donor stems from the prolific Sullivan and Nowatzke programs. Caly is easily averaging over 10K consistently with her offspring - those females continue with incredibly good show careers. Some of the most notable include - PA Farm Show Supreme Female, East Coast Cattle Circuit Show Heifer of the Year, and numerous jackpot show honors. Caly is the most consistent producer in our donor battery in making elite show heifers, and these matings should continue to prove to do the same.

Monica 182J is an Epic daughter that goes back to a Maternal Made x Funny Money we showed from Becketts in South Dakota. Monica is dual registered as a MaineTainer and a 7% Chianina and was Reserve Bred and Owned Chi at Junior Nationals for us in 2022. She is new to our donor pen, but with her added bone, body, hair and look we thought Memphis Mafia would click well. This is your chance to be on the forefront of Monica 182J's donor career, while having some of the few Memphis Mafias on the ground at your own place. Bid to own these embryos, Mafia semen isn't getting any cheaper.

It is with great pride that we offer two embryo lots from Safer Than the Casino, a full sister of Daddy's Money. The first is a repeat from last year's Maine Exchange offering that resulted in 3 pregnancies and 100% conception! This mating combines the rising stardom of TJSC End Game 61G with the genetic predictability of Daddy's Money, and has already produced a bull in Matt Lautner's arsenal that he calls Jackpot. The second lot is a first time offering of sexed female embryos by WEIS All Me 10F. We feel that these are destined to be elite, high Maine females that will be competitive in the show ring and superior cow prospects. Opportunity is knocking, make an investment that is, Safer Than The Casino!
