## **Get Involved in the NJAA**

### **Raising the Bar**

Raising the Bar is a three-day conference designed to develop stronger leaders within state associations, foster regional connections, and prepare juniors for the future. The materials covered at \*Raising the Bar\* are tailored for high school students and older who are preparing for college. With a maximum capacity of 50 participants, the conference offers intimate, meaningful tour stops, hands-on activities, and opportunities for attendees to build lasting connections with one another before leaving on the final day.

April 10<sup>th</sup> -13<sup>th</sup> Lincoln, Nebraska

### **Leaders Engaged in Angus Development**

The LEAD Conference offers a dynamic schedule filled with educational tours and industry-focused learning opportunities. Junior members will have the chance to connect with over 100 Angus juniors from across the country. This conference allows participants to explore diverse regions, experience agriculture from new perspectives, and see Angus cattle in unique environments across different parts of the world.

This year the LEAD conference will be held in Washington, DC August 5-8<sup>th</sup>.

### **National Junior Recognition Program**

The National Junior Recognition Program provides an opportunity for young Angus breeders to become nationally recognized for continued achievement. This program is based on activities over a Junior member's entire career. There are three levels of recognition: Bronze, Silver, and Gold. Bronze and Silver Awards can be earned at any age. The Gold Award, however, will be given only during their final year of eligibility as a junior member. Winners of the various levels receive a specially designed pin, cast in the metal of the respective award (Bronze, Silver, or Gold). Recipients of the National Junior Recognition Program Awards also receive local, regional, and national recognition through media and at Angus functions.

### **BEEF Academy**

BEEF Academy is an online learning platform focused on beef education for young people. Currently, it is available exclusively to members of the National Junior Angus Association. In the future, we plan to offer the platform to other young people interested in learning more about the beef industry.

NJAA members will learn about the five beef industry segments, and how they both compete and work together as part of our dynamic beef industry. Soon new topics will be added, including Beef Breeds & Genetics and Beef Science.

National Junior Angus Association members can access BEEF Academy free-of-charge using their AAA login information at [beefacademy.com](http://beefacademy.com).

### **Contests (Held at NJAS and Online)**

The NJAA provides various contests for our National Junior Angus Show. Some of these contests are held at NJAS each year and others are all virtual! Do you like photography, team sales, speaking contests, writing contest, or another contest? We have it! Find out more at <https://www.angus.org/njaa/get-involved/contests>

## **2025 NJAA Entry Dates & Deadlines**

### **February**

- 2/1 – MAJAC Ownership & Entry Deadline
- 2/10 – MAJAC Late Entry Deadline
- 2/15 – WRJAS & PGS Ownership & Early Entry Deadline

### **March**

- 3/1 – Honorary Angus Foundation Nomination Deadline
- 3/1 – Advisor of the Year Nomination Deadline
- 3/1 – WRJAS & PGS Late Entry Deadline
- 3/25 – Creative Writing Entry Deadline

### **April**

- 4/1 – Career Development Entry Deadline
- 4/15 – Atlantic National Early Entry Deadline
- 4/15 – Northwest Regional Preview Ownership & Entry Deadline

### **May**

- 5/1 – Atlantic National Ownership & Late Entry Deadline
- 5/1 – ERJAS & PGS Ownership & Early Entry Deadline
- 5/1 – Breeders' Futurity Ownership & Early Entry Deadline
- 5/1 – NJRP Gold Application Deadline
- 5/1 – Outstanding Leadership Award Application Due
- 5/1 – CAB / NJAA Scholarship Application Due
- 5/1 – Angus Foundation Scholarship Application Due
- 5/15 – Breeders' Futurity Late Entry Deadline
- 5/15 – NJAS & PGS Ownership & Early Entry Deadline
- 5/15 – Photography, Cook-Off, & Graphic Design Contest Entry Deadline
- 5/31 – NJAS & PGS Late Entry Deadline

### **June**

- 6/1 – LEAD Early Registration Deadline
- 6/15 – LEAD Late Registration Deadline

If you want to learn more about one of these ways to get involved please visit <https://www.angus.org/njaa> or email the events team at [events@angus.org](mailto:events@angus.org).

<sup>1</sup>Current Sires/Dams - at least one calf registered in herd book within the past two years

<sup>2</sup>Main Sires - Sires that met the requirements of the most recent American Angus Association Sire Evaluation report.

<sup>3</sup>Supplemental Sires - Young sires meeting the requirements for the American Angus Association Sire Evaluation report.

<sup>4</sup>Non-Parents - Registered animals born in the last 3 years with no current progeny in the Angus National Cattle Evaluation.

**Expected Progeny Difference (EPD)**, is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an “I”, and may or may not include the animal’s own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

**Accuracy (ACC)**, is the reliability that can be placed on the EPD. An accuracy of close to 1.0 indicates higher reliability. Accuracy is impacted by the number of progeny and ancestral records included in the analysis.

**\$Value indexes**, are multi-trait selection indexes to assist beef producers by adding simplicity to genetic selection decisions. \$Values are reported in dollars per head, where a higher value is more favorable. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires in the database if the sires were randomly mated to cows and if calves were exposed to the same environment.
